TO BUILD SEWER AND GARBAGE DISPOSAL PLANTS AT ONCE; NO MORE DELAY

Work will begin within two weeks on the city's sewerage disposal plant, which is to be built in Woodlawn addition to dispose of the city sewage now being emptied into the dry river bed, the odor from which is very offensive to the residents of the east part of the city. Mayor W. F. Robinson has telegraphed to the engineering corporation in Portland, Ore., which has been awarded the contract for the erection of a sewerage and garbage disposal plant for El Paso and a representative of the company is expected to arrive here this week. As soon as he arrives, the plans for the disposal plant will be gone over by the mayor and council with the engineer and if everything is satisfactory he will be instructed to begin work at once.

The sewerage disposal plant will be located in Woodlawn addition near where the main sewer now empties into the river. It will cost \$50,000 and will be built on the same plan as the ones now in use in a number of large cities. The sewerage from the city's mains will be consumed by the plant without any odor and the construction company will back.

This was preceded by the arrest of Herr Ohm, one of the directors, and the chief manager of the bank, who came to grief through his attempts to found numbers of industrial companies, which were inadequately capitalized. The liabilities of the bank are placed at \$12,500,000, while its capital is \$1,000,000.

Railroad Graft.

Chicago, Ill., July 28.—Harold A. Sims told a striking story of wholesale graft before master in chancery Roswell B. Mason here in connection with the alleged \$1,500,000 car repair fraud in the Illinois Central road. Sims said that the greater part of the work was supposed to have been done in independent shops, but which the railroad company and for which the railroad company paid a round figure, was really done at the Illinois Central shops at Memphis. He said the company was practically paying handsomely for doing work for itself.

The Modern Figure

How to Regain Beauty of Form.

The vagaries of fashion are a great trial to ladies inclined to overeat, but it is a great mistake to go in for physical repression in the shape of special diets. Fasting and violent exercise are a dangerous. One very common becomes limp, depressed and low of complexion when such methods of getting thin are adopted. There is absolutely no necessity to study dietetics or deprive one's self of wholesome rest and bodily comfort.

The following is a prescription which will restore beauty of form without any sacrifice of health or strength. Any druggist will make it up for you or supply the harmless ingredients, viz:

1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara Aromatic, and 3/4 oz. Peppermint Water. The dose is one teaspoonful after each meal and at bedtime.

Don't be afraid of a good appetite, especially as the digestive system will be much benefited by this simple treatment. Indeed, the whole body is beautified, and the reduction of weight occasions no wrinkles. The skin and complexion are rebeautified.
